

NTT.202

The new NTT 202 represents opulent design and performance combined with a new and radical departure in cosmetics and cabinet design from all Previous NTT speakers. Manufactured in the USA, the NTT 202 is a technological assault on the state of art in ultimate sonic reproduction. Borrowing advanced (and classified) construction innovations used in the latest flight design and nuclear reactor containment, these speakers hide far more than they show. World class craftsmanship is revealed in the ten layers of hand rubbed paint and lacquers, build performance is second to none and eminently solid to virtually eliminate cabinet resonance. Every part of the 202 has been meticulously tested and re-tested so only the very finest parts are used - without regard to cost. Is a truly "musical" speaker is what you seek compare the NTT to any other speaker, at any price, of any design and we are confident you will see how easy the decision is.

In a world of loud speakers, there are many loud voices screaming to tell you why they are the best. Timeless knowledge teaches us that those who truly have achieved a higher level...have no need to shout about it.

NTT.202 SPECIFICATION

Configuration: 3 way bi-wire floor standing 4 way Bi-amp
Drive: 2-10" front- ported, 2- 6" .5 Sealed, 1" Ring Revelator sealed
Frequency Response: 18Hz – 55 kHz -3db
Sensitivity: 2.83/1m at 90 db
Impedence: 4 Ohm rolls down 2 Ohm
Crossover: 18Hz/240Hz/55kHz
Amp/Recommended: 40W – 340 W
Color: BMW Sterling Gray/BMW 668 Black (Any Color)
Dimension: 64" H x 22" W x 26.5 D
Weight: 1176 lbs each
Shipping weight with two wood crates: 2500 lbs + Accessories

Made in the USA
